

Development Manager

Full-time

About Crystal Cove Conservancy:

Crystal Cove Conservancy (The Conservancy) is the nonprofit public benefit organization dedicated to the protection, preservation, and sustainability of Crystal Cove State Park, located on the traditional and unceded lands of the Acjachemen and Tongva Tribal Nations.

Rooted in saving this rare piece of California's natural resources and cultural history, Crystal Cove Conservancy and California State Parks have worked together to develop a unique social enterprise model. Crystal Cove Conservancy, the contracted nonprofit partner to Crystal Cove State Park, and Crystal Cove Management Company (CCMC), a wholly owned subsidiary of Crystal Cove Conservancy and the contracted concessionaire to Crystal Cove State, work together to create equitable opportunities for access to the coast and coastal accommodations. The Conservancy and CCMC leverage revenues earned in the concession operations to further The Conservancy's primary mission to develop and implement innovative educational programs that engage K-12 students and community members in place-based conservation that restores and protects miles of precious California coastline and thousands of acres in the backcountry. By cultivating the next generation of scientists who will care for public lands and promote access for historically excluded communities, The Conservancy, with its for-profit partner, Crystal Cove Management Company, is working to ensure that Crystal Cove, and as importantly, places like it, are protected for generations to come.
